Finish & Nest or Retain & Build Opportunity

Step into this delightful original family home, partially renovated and full of promise. Offering three generous bedrooms and a large lounge room highlighted by a beautiful Donnybrook stone fireplace recess, the home sits proudly on a 708m&#65533; block with convenient rear access via the garage.

With R30 zoning and subdivision potential (STCA), the property presents an exciting opportunity to retain the current property and build at the rear. Much of the hard work has already been completed: double-glazed windows throughout, rewired electrics and updated plumbing ready for the kitchen installation. The bathroom, tiled to the ceiling, requires only minor finishing touches, as does the laundry.

The house features original jarrah floorboards. Outside, you'll find a single garage, plus a powered workshop and games room. Whether you're looking for a first home, a renovation project, or a development opportunity, this property offers outstanding potential on a large block with a lovely northerly outlook.

MARK HUTCHINGS

SALES CONSULTANT

0416304650

mhutchings@genesisrealtygroup.com.au

Mark Hutchings is First National Genesis' first pick in the 2024 draft! After a decade long AFL career, 9 years with our very own West Coast Eagles, Mark has decided to direct the same dedication and hard work to his career in Real Estate. "When we first sat down together, I could tell Mark had a strong business mind, asking good questions and was quick to understand marketing strategies", company Director Jonathan Clover noted. "A reputation of loyalty to his team-mates, commitment to the heavy training regime of being a professional athlete and a very competitive character to get the best outcomes all give me confidence that our clients are in good hands with Mark." Why real estate? Mark's "people first" ethos and keen interest in property have drawn him into the property industry and he has submerged himself gaining a huge amount of knowledge and experience as he works alongside veteran agent and company director, Jonathan Clover.

JONATHAN CLOVER

DIRECTOR / SALES COACH / AUCTIONEER

0439 688 075

jclover@genesisrealtygroup.com.au

Working within his father's real estate agency since the age of 16, Jonathan has done most roles within a real estate office including pushing a mop and broom around, analyzing marketing and property trends, managing client engagement...

"My dad owns a real estate office in Canada, my grandfather started what became the largest agency on Vancouver Island at the time, my uncle runs one of the largest commercial real estate agencies in British Columbia... it's a genetic disorder in our family" Jonathan remarks.

"A lot of people ask me why I am in real estate?" Jonathan says the answer is simple, "Aside from my faith and family there are 3 things that get me up in the morning. I love meeting and helping people, I value our shared community, and I am passionate about property. This is the perfect industry for me!"

The last decade has seen Jonathan progress from a business consultant within the real estate and business broking industry to the WA /NT State Manager of First National Real Estate, Australia's largest group of independent real estate agents. He is now the Director and Sales Coach of his very own First National Real Estate Office.

"As a defensive player of the year 6 times and 4 time Champion in the National Basketball League of Australia, Damian is used to sacrificing for his team and being dedicated to process. Real estate is no different. It's about making sacrifices and putting it all on the line for the client, and being dedicated to a proven process without cutting corners or letting ego get in the way"

Damian says "I joined First National Genesis because their values (People, Community, Property...in that order) align with my own. I also know how beneficial having the right coaches, trainers and support staff are to becoming the best version of yourself!" Damian also notes that partnering with the company director Jonathan Clover will be great to grow his knowledge of real estate and fine tune his negotiation skills.
